

Les Lauriers Eco Hotel & Restaurant

Praslin Island

Small Hotel

Couples, Honeymoons, Families

Discover the essence of Seychelles hospitality at Les Lauriers, a family-owned eco-hotel nestled in the heart of pristine natural beauty. With a rich history dating back to its origins as a small guesthouse, Les Lauriers has evolved into a sanctuary where modern luxury meets authentic island charm.

Our commitment to sustainability, community, and unparalleled guest experiences defines who we are and what we stand for.

At Les Lauriers, sustainability isn't just a commitment—it's a way of life. Embrace eco-friendly practices and immerse yourself in the beauty of Seychelles' natural heritage with our eco-tourism initiatives. From solar-powered energy to locally sourced ingredients in our dining experiences, every aspect of your stay is thoughtfully curated to minimize environmental impact and preserve the pristine beauty of our island paradise.

Restaurants & Bars:

Experience the charm of our family-style restaurant, adorned with island rustic accents. Indulge in a hearty breakfast buffet each morning, savor our poolside lunch menu, and delight in our à la carte evening service. Join us for traditional Creole buffets every Wednesday and Saturday evening paired with live entertainment. Choose from our bed & breakfast or half-board options for a complete culinary experience. Plus, enjoy refreshments at one of our three on-site bars, including a swim-up pool bar, café, and main bar.

Property Highlights:

Les Lauriers has incorporated various eco-friendly technologies inclusive of Solar PV Panels generating energy, solar stratification tanks to produce hot water, water Waste recycling and Biotechnology cleaning which ensures that all toxic chemicals have been removed from the property. All amenities are eco-friendly and an intelligent room control ensure the rooms are always conditioned for guest comfort.
